WILL PRESENT A WAR PLAY BY THE SENIORS

For some time past Miss Grace Russell, the English teacher in the high school, has been coaching the pupils selected to present the annual play. The work is now in such shape that it has been possible to set a definite date for the production. The Butler theater has been engaged for this play for the evening of Thursday, May 23.

The play chosen for this annual senior presentation is the popular war time comedy "Camouflage"—a play full of action and with an extremely amusing plot. The cast has been well selected and with the intensive training given during the past month there is no doubt of the success of the presentation. Plenty of special music has been prepared for the occasion and May 23 will be an evening of pleasure.

NOTICE TO EAGLES

All members F. O. E. are requested to be present tomorrow night. Official visit from Bro. J. G. Thompson of Goldfield. A good time assured to all.

C. L. RICHARDS,
Secretary.

REVEILLE FOR BOY SCOUTS EVERY DAY

The Boy Scouts are now turning out every morning for reveille and hoisting of the colors. This occurs at 6 o'clock sharp after which the lads are marched to the baseball park where, under the direction of Sergeant Ramsey, they are put through the setting up exercises for forty-five minutes. This practice should be encouraged by the parents who are urged to see that their boys attend regularly and promptly for the training and physical exercises will do the boys excellent service.

Sergeant Ramsey is enthusiastic over the drilling that has fallen to his lot and is looking around for some other diversion to fill his spare moments. With the scouts he drills twice a day, morning and evening, and then has prolonged drills two nights a week. In addition to this the sergeant's time is pretty well occupied from 6 a. m. to 11 p. m.

HISTORICAL WINDOW IS SMASHED AGAIN

Two men engaged in a fight yesterday afternoon occupied the sidewalk in front of Mrs. Harris' Specialty Shop until one lifted the other clean off his feet and hurled him through the plate glass window which was smashed to fragments. The offenders promised to pay the damages.

This is the same window that was smashed about nine years ago when the place was occupied by the Blackless jewelry store and over \$12,000 worth of diamonds lifted off by a thief. The robbery occurred in mid-winter on a very stormy evening when few persons were outdoors and a regular blizzard was blowing with such intensity that one could not see across the street. At about 8:30 a man walked directly to the window which he smashed with a padded hammer and then reaching in seized a tray full of diamonds and made his escape. Before breaking the glass the robber had placed a bar made from a 2x4 in the handle of the door so that the jeweler, who was working inside behind the showcase, could not get out. Having taken the gems the thief escaped by springing over a low fence that enclosed the lot where Brokers Row is now and then made his way through to St. Patrick street where all trace was lost.

EAGLES GIVE DANCE FOR THE RED CROSS

A woman, if she is expert, can knit a pair of socks for a soldier in eight hours. With the aid of a knitting machine the same woman can knit eight pairs in the same length of time. It is not difficult to figure out which is the most efficient way of working, especially when you take into consideration that the machine saves a quarter of hank of yarn on each pair of socks.

Since time and material are at present valuable beyond all computation, the local Red Cross is very desirous of equipping its work-room with knitting machines, so that not one of our boys need suffer in the wet trenches next winter for lack of proper footwear. Also that they may march without sore and blistered feet this summer.

The Eagles heard of the situation and immediately began to flap their wings in the good cause. The result is that on Wednesday evening they are going to give a grand ball, every cent of the proceeds of which will go to the Red Cross for the purchase of knitting machines. Pretty fine birds, those Eagles. All you have to do is to buy a ticket to help keep the soldier's feet warm and go to the ball. Don't forget! It's Wednesday evening.

AGAINST SUB-TREASURIES

(By Associated Press.) WASHINGTON, May 13.—The house refused today to recede from its action in voting to abolish eight sub-treasuries and returned to conference the bill carrying a rider dispensing with them.

The Young Ladies' sodality of St. Patrick's church will hold a card party with prizes Friday night at Knights of Columbus Hall.

DOWAGER EMPRESS ASKS NO EXEMPTION FROM DOING DUTY

(By Associated Press.) AMSTERDAM, May 13.—The Ukrainian press bureau has received information from Odessa that the former dowager empress of Russia, Maria Feodorovna, and the grand dukes, Nicholas Michael and Alexander Michael, who had been living in the Crimea near Altodor, are in the hands of the Germans.

ONE CALF IN HERD FOR THE RED CROSS

(By Associated Press.) DENVER, May 13.—In anticipation that the Red Cross will need large sums of money for the wounded by next year the Western Stock Show association has determined to give the society one calf out of each herd, on a basis of every 500 cattle owned in a given community.

The calves will each be branded C. R. C. (Colorado Red Cross) and will be a feature of the show to be held here next January. After their exhibit they will be sold for the benefit of the society.

The scheme has the approval of cattlemen. In addition to the calf program of officers of the show association have inaugurated a feeding plan for fattening cattle which will conform to war economies being practiced in other provisioning schedules throughout the nation. Judging will be upon best results obtained from feeding on a war basis.

Marcel Forman, son of Mr. and Mrs. William Forman, accompanied by his wife, arrived Saturday night from Yuma by way of the southern route and the couple are guests at the old homestead. Marcel is only 23 years of age and is included in the next quota from Yuma county, Cal., where the young man is engaged in business with Bob Morrow, formerly of Tonopah, with whom he has been associated for the past two years. The Yuma county quota calls for 166 men who will leave the city of Yuma on May 25. Mr. Forman will remain here with his wife until the 23rd when both return to their home town where Mrs. Forman will be with her father, Dr. A. C. Prince, until the return of her husband. The conscripts from Yuma will go to Camp Cody, near Deming, N. M.

DEAL IN MAC NAMARA REPORTED IN FRISCO

Under the heading of "MacNamara Deal Pending" the San Francisco Examiner prints the following:

"From a trustworthy source it was reported yesterday that important eastern interests have identified themselves with the future development of the MacNamara Mining and Milling company of Tonopah.

"This action was decided upon after MacNamara, with its resources and equipment, had been investigated by engineers. Details of the report were not made public, but it was stated positively that the floating stock would be absorbed up to a price representing the book value of the mine and equipment.

"Operators acquainted with latest reports of the MacNamara company estimate that the figure thus reached must be between 35 and 40 cents per share.

"The company has been producing for some time about \$21,000 per month in bullion, and is working in a neighborhood long credited with having an extension of the Ohio vein, one of the richest ever discovered in the Tonopah district.

"It was stated that no change in the management of the company is intended, nor will there be any diminution of activity in conducting mining operations. Operators best acquainted with the possibilities of the MacNamara mill, however, believe that the present holdings will form the nucleus of a large enterprise, and this surmise is admitted to be partially correct by those accepting responsibility for the information made public today."

TRACES OF VALUE APPEAR IN DIVIDE EXTENSION

Values amounting to a trace began to appear in the Divide Extension Saturday when assays were run from the shaft at a depth of 125 feet. The results were nothing to get excited over but the simple fact that they were found so close to the surface leads to the belief that the management will be rewarded with something more tangible before it reaches 200 feet, which will be the next stop. Lateral work will begin at that point.

OVER THE TOP WITH W. S. S.

Several more Boy Scouts reported this morning that they had "gone over the top" with the sale of the required \$250 worth of War Savings Stamps to entitle them to the coveted ace medal. Others are working hard and hope soon to report that they are "over."

AMUSEMENTS

ELSIE FERGUSON AT BUTLER

This is Elsie Ferguson's second film play from the book by Mary S. Watts which is already in its fourth edition. Miss Ferguson is one of the most beautiful women in the world, which, together with her marvelous dramatic ability makes her an ideal film star. "The Rise of Jennie Cushing" is the title of the production which will be the attraction this evening in which this talented star makes her second screen appearance. Miss Ferguson enjoys the distinction of being one of the really great stars who had turned a deaf ear to the call of the camera, notwithstanding the fact that her youth and her world-famous beauty, together with her superlative dramatic ability, made her an ideal subject, and she had been persistently besieged by motion picture magnates with fabulous offers. She capitulated to Adolph Zukor, who is presenting her photoplays through the Artcraft Pictures corporation. "The Rise of Jennie Cushing" was selected because of the wide range afforded the gifted actress to display her talents. It is a big, gripping story, original in conception, fearless in treatment and exhibiting the highest standard of workmanship for which Miss Watts is noted. In the film version, there is a wealth of intensely human situations which cannot fail to move the most blasé theatergoer, interposed with flashes of natural comedy which will make their audiences laugh through their tears. Do not miss seeing this beautiful star. In addition to the feature an extremely interesting Pathe News will be shown, with all notable events. Tomorrow Gladys Brockwell in "The Devil's Wheel." Wednesday Theda Bara in "Camille."

CALLED HOME BY FATHER LEAVING FOR TRENCHES

Miss Ida Brewington, music supervisor in the public school, received a telegram to come to her home in Missouri at once, as her father, a physician and surgeon, had been ordered to France immediately. Miss Brewington left on Saturday and, owing to the fact that the school term is rapidly nearing the end, will not return. High school pupils who have credit would be granted upon their being taking music with Miss Brewington, were this morning notified that their grade and credit would be granted upon the nine months' work completed.

TWO FLAG BELTS PRESENTED

In response to the notice in the Bonanza that the Girl Scouts needed a belt for their color bearer, the Wittenberg company and F. P. Cavanaugh asked the privilege of presenting the needed article. Both offers were accepted, as two will be needed. Scout George Russell presented one of the same belts to the Boy Scouts. These gifts are much appreciated.

The Young Ladies' sodality of St. Patrick's church will hold a card party with prizes Friday night at Knights of Columbus Hall.
